

Shorebird Sister Schools Program Educator Workshop

Millions of birds use Great Salt Lake as a stopover site during their annual north and south migrations. What makes the lake such a magnet? Where do these birds spend the rest of their annual life cycle? Using shorebirds as a model, participants will learn the answers to these and many other questions, explore part of the Great Salt Lake, and develop links to different communities and cultures. The Shorebird Sister Schools Program was developed by the US Fish and Wildlife Service to facilitate this process. Participants in this two-day workshop will receive a copy of the new 562-page K-12 curriculum titled "Explore the World of Shorebirds," a student activity guide, and will receive hands-on experience on using the program to meet their students' needs. Nonformal and formal educators are encouraged to attend.

When: **Friday, April 28, 2006** from **4:00 pm thru 8:00 pm**, with Early Bird refreshments starting at 3:30 pm and a light supper provided; and **Saturday, April 29, 2006** from **8:00 am until 6:30 pm**

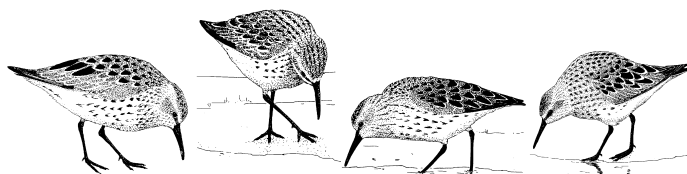

Where: Farmington Bay Waterfowl Management Area, 1325 W. Glover's Lane, Farmington

Fee: **\$12.** (Made check payable to Utah Division of Wildlife Resources)

What to bring: Friday: binoculars **if you have them**, journal or other writing tablet and pencil/pen; a light supper and early bird refreshments will be provided.
